Wait, check original "Subject" line:

Original: "Subject: Application for Leave from Sample Value for Start D
Date to Sample Value for End Date"

My draft: Same.

Check original "To" section:

Original has "To," then three lines of placeholders.

My draft: Same.

Check original Salutation:

Original: "Respected Sir/Madam,"

My draft: "Respected Sir/Madam," (Added hope letter well line).

Check original Body:

Original: "I am writing to request leave from Sample Value for Start Date to Sample Value for End Date for Sample Value for briefly state the reason. I will ensure that any pending responsibilities are addressed and that necessary arrangements are made during my absence."

My draft: "I am writing to respectfully submit a formal application for leave from Sample Value for Start Date to Sample Value for End Date for Sample Value for briefly state the reason. I promise to ensure that any any pending responsibilities are diligently addressed and that all necessary necessary arrangements are made during my absence."

(Changed "request" to "respectfully submit", "request" to "promise to ensure", "necessary" to "all necessary" - subtle but adds weight).

Check original Body 2:

Original: "I kindly request you to consider my application and grant me leave for the above-mentioned period. Please let me know if any additional information or documentation is required."

My draft: "I would be deeply grateful if you could kindly consider my application and grant me leave for the above-mentioned period. Should you require any additional information or documentation, please do not hesitate to let me know."

(Changed "kindly request" to "deeply grateful if you could kindly consider", "Please let me know" to "Should you require... do not hesitate")

Check original Closing:

Original: "Thank you for your time and consideration."

My draft: "Thank you very much for your time and consideration."

Check original Sign-off:

Original: "Yours faithfully,"

My draft: "Yours faithfully,"

Check original Signature:

Original: "Sample Value for Your Full Name\n\nSample Value for Class /
Department / Employee ID, if applicable\n\nSample Value for Contact Informa
Information, if required"

My draft: Same.

Final check on constraints:

- Begin immediately with full updated document text.
- No markdown code blocks.
- No thinking process.
- Tone extremely polite.

One thing: The original document has specific spacing and line breaks.
I should try to preserve the visual structure as much as possible while imp
improving the text.

Original structure:

I will follow this structure.

Wait, I need to check if I should output the placeholders exactly as "Sample Value for...". Yes.

I need to make sure I don't use markdown block ticks.

Ready to generate.

Wait, one detail in the original Subject line: "Sample Value for Start Date to Sample Value for End Date".

In my draft I kept that.

One detail in the Body: "for Sample Value for briefly state the reason" reason".

In my draft I kept that.

Okay, proceeding.

Wait, I notice the original has "Sample Value for Recipient's Name / Designation" then "Sample Value for Organization / Institution Name" then "Sample Value for City".

I should keep the spacing similar.

Let's refine the "Date" line. Original: "Date: Sample Value for DD Month YYYY". I will keep it.

Let's refine the "To" section. Original has "To," on one line, then 3 lines of placeholders.

Let's refine the "Subject". Original: "Subject: Application for Leave from Sample Value for Start Date to Sample Value for End Date".

Let's refine the Salutation. "Respected Sir/Madam,".

Let's refine the Body.

Let's refine the Closing.

Let's refine the Signature block.

One more check on "Do NOT output markdown code blocks (no ```)".

I must ensure the output is plain text.

Wait, I should check if I should output the "Thinking" process. No, "Do not output any thinking process".

So the output starts directly with "LEAVE APPLICATION".

One final check on tone: "Extremely polite and respectful".

"I hope this letter finds you in good health." is good.

"I am writing to respectfully submit..." is good.

"I would be deeply grateful if you could kindly consider..." is good.

"Should you require... please do not hesitate..." is good.

"Thank you very much for your time, consideration, and understanding."

(Added "and understanding" for extra politeness).

Okay, ready.

Wait, I see "Sample Value for briefly state the reason" in the original original.

My draft: "for Sample Value for briefly state the reason".

I should keep that exact phrase structure.

Original: "I am writing to request leave from Sample Value for Start Date to Sample Value for End Date for Sample Value for briefly state the reason."

My Draft: "I am writing to respectfully submit a formal application for leave from Sample Value for Start Date to Sample Date... for Sample Value for briefly state the reason."

Wait, "Start Date" and "End Date" placeholders need to be preserved.

Okay.

Let's assemble.

Wait, I need to check if I should keep the extra blank lines between pa
paragraphs. The original has blank lines between paragraphs. I will keep th
them.

The original has "To," then a blank line then the names. I will keep th
that.

The original has "Subject:" then a blank line then "Respected...". I wi
will keep that.

The original has "Yours faithfully," then a blank line then Name. I wil
will keep that.

Okay, final check on constraints.

1. Apply revisions (tone). Done.
2. Keep unchanged parts intact (placeholders). Done.
3. Output ONLY full updated document text. Done.
4. No markdown code blocks. Done.
